Basic 2 Learner's Guide

34 illustrated lessons across speaking, reading, writing, grammar and reading for pleasure.

Original learning resource aligned to the uploaded 2019 Basic 2 NaCCA English curriculum.

How to use this book

Read with a teacher, parent or friend. Listen to the words, say them aloud and practise writing in your exercise book. Some skills, such as speaking clearly, reciting rhymes and writing neatly, need an adult to listen or observe; a multiple-choice answer is not enough to show mastery.

LESSON 1 | Oral Language

Songs, Rhymes and What They Mean

What we will learn

- Interpret familiar songs
- Interpret rhymes and tongue-twisters in own words

Let's learn

Welcome to songs, rhymes and what they mean! We will watch an illustrated example, listen and say words together, practise step by step and try a new task on our own.

A song shares an idea. Listen to its message and explain the words in your own language. Rhymes may have matching end sounds, actions and a message we can explain.

Let's try a worked example

Ama asks: A class sings a song about kindness. What does its message encourage? → help one another. Explain the message of a song using the words and actions.

Ama asks: What does this rhyme mean: "Rain, rain, help seeds grow"? → Rain helps plants grow. Explain a rhyme in simple, everyday words.

Ama asks: While singing about kindness, what helps show the song meaning? → Use matching gestures. Gestures should show the song message.

Ama asks: Which action fits the rhyme "Rain, rain, help seeds grow"? → Pretend to water seeds. Actions should match the rhyme meaning.

LESSON 20 | Reading

Picture a Story and Read Smoothly

What we will learn

• Use visualisation strategy (form mental images about texts) to enhance understanding of level-appropriate texts

• Read texts/stories/passages with good pace, accuracy and fluently

Let's learn

Welcome to picture a story and read smoothly! We will watch an illustrated example, listen and say words together, practise step by step and try a new task on our own.

Picture the person, place and objects in your mind as you read. Listen, speak, look carefully and practise the lesson skill with familiar examples.

Let's try a worked example

Ama asks: As you read about a green mango tree, what should you imagine? → a green mango tree. Visualising means making a picture in your mind.

Ama asks: Which detail will help you picture "a green mango tree"? → green. Colours and shapes can help form mental images.
